

Mobile Insurance Device Eligibility and Deductible Schedule

5/1/2012 Update

This list is updated regularly to include new models. Older models may not appear below. **If your model is not listed, please contact AT&T at 1-800-331-0500.** Devices introduced under Equipment Tier 2 (\$125.00 deductible) or Equipment Tier 3 (\$199.00 deductible) may be moved to Equipment Tier 1 (\$50.00 deductible) or Equipment Tier 2 (\$125.00 deductible) during their lifecycle. The non-refundable deductible is based on the date of loss.

If you are not certain of the model of your device, refer to your original receipt or you may be able to determine the model by following these steps: Turn the power off. Carefully remove the battery cover and the battery. The model is typically printed on the white label located under the battery.

This list is changed from time to time. Please check this list any time your equipment changes.

Mobile Insurance is not available for and coverage does not apply to:

- AT&T 3G MicroCell
- Phone or device models not sold by AT&T (e.g., Dell Streak, Google Nexus One, TerreStar Genus)
- Docks (such as for the Motorola ATRIX 4G)
