1. Data usage only for use within “roam zone” comprised of select carriers. See att.com/dataconnectglobal for details.
2. AT&T also imposes the following charges: a Regulatory Cost Recovery Charge of up to $1.25 to help defray its costs incurred in complying with obligations and charges imposed by State and Federal Universal Service charges; and surcharges for government assessments on AT&T. These fees are not taxes or government-required charges.
3. Customers with an Enterprise Data rate plan for Tablets can get access to AT&T Wi-Fi Basic service at no additional charge. Additional restrictions apply. Subject to applicable AT&T Wi-Fi Basic terms and conditions. See att.com/attwifiappsauf for further details.
4. Rate outside the “roam zone” countries is $0.010/KB except in Algeria, Azerbaijan, Belarus, Bosnia/Herzegovina, Brunei, Faroe Islands, Macedonia (former Yugoslavia), Maldives, Mongolia, Qatar, Saudi Arabia, Tunisia and Venezuela where the rate is $0.0195/KB.
5. Only available to qualified Corporate Responsibility Users (“CRUs”) under an eligible AT&T business/government agreement.

** AT&T may temporarily suspend a user’s mobile broadband service without notice in the event the user exceeds the applicable limit set for overage charges during a billing cycle (“Overage Limit”). The Overage Limit is $100 for the Domestic Enterprise Data Plan for Tablets and $1,000 for the International Enterprise Data Plan for Tablets. If a user’s mobile broadband service is suspended during a billing cycle, customer must agree to pay any additional overage charges and authorize AT&T to resume the service to the user. Otherwise, the user’s mobile broadband service will remain suspended until the user’s next billing cycle.

In most circumstances, the amount of included data available as part of the AT&T Enterprise Data Plans for Tablets subscription will be sufficient for most of your users. In order to manage the consumption of this data and help ensure optimum use of the device it is recommended that your users use available Wi-Fi connections when possible. The Domestic Enterprise Data Plan does not include international pay per use. When traveling outside of the U.S., you will need the International Enterprise Data Plan for Tablets. Users with a current prepaid Tablet account must cancel it prior to activating an Enterprise Data Plan for Tablets. Any unused data remaining on the user’s prepaid Tablet account will be lost. If not cancelled, the prepaid Tablet plan will continue to auto renew and be charged to the credit card on the account.

If desired, authorized company representatives have the ability to place a permanent exemption on a subscriber’s account. Exemption means that the account owner of record will not receive email notifications that account is nearing usage limits and being suspended and these subscribers will not receive automatic suspension for excessive overage. This needs to be provisioned through AT&T Customer Care after the account is activated. For additional solutions to remove overage caps please contact your AT&T Account Team.

For more information, contact your AT&T account representative.

Important Information: Available only to customers with a qualified AT&T business or government agreement (“Enterprise Agreement”) and their respective CRUs. An activation fee of up to $36 may apply to each new data line. Compatible Tablet device required. Plans are subject to the applicable Enterprise Agreement and the “Enterprise Customers: Additional Service and Equipment Related Terms” found at att.com/abs-addt-terms. All data allowances, including overages, must be used in the billing period in which the allowance is provided or they will be forfeited. Equipment Return Policy for Tablets: Tablet returns must occur within 14 days of purchase. Tablet returns are not subject to 10% restocking if returned unopened and user did not purchase an AT&T Enterprise Data Plan for Tablets. Otherwise, a 10% restocking fee applies, except where prohibited. See our complete return policy at: www.att.com/returnpolicy. Coverage: Coverage not available in all areas. See coverage map(s), available at store or from your sales representative, for details. Offnet Usage: If your usage of the Services on other carriers’ wireless networks (“offnet usage”) during any month exceeds your offnet usage allowance, AT&T may at its option terminate your wireless service or access to data services, deny your continued use of other carriers’ coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 24 megabytes or 20% of the kilobytes included with your plan. Additional charges and other restrictions apply.
