SAFELY MANAGE YOUR WORKFORCE WITH THE SONIM XP5560 BOLT IS

Built for those who work in extreme, hazardous, and/or isolated environments, the Sonim XP5560 BOLT IS is the latest in Sonim’s lineup of Ultra Rugged mobile phones. Equipped with AT&T’s enhanced Push-To-Talk functionality, the Sonim XP5560 BOLT IS enables teams to work smarter with near-instantaneous one-to-one and one-to-many communications. In addition, the XP55560 BOLT IS is certified Intrinsically Safe which means the device will not emit any excess heat or sparks that can cause an explosion in fuel-rich environments and therefore can be used even in the most hazardous environments where regular mobile devices are prohibited.

The Sonim XP5560 BOLT IS is designed to survive even the toughest of job sites while ensuring the safety of the worker. Built to Sonim’s world class Rugged Performance Standards, the Sonim XP5560 BOLT IS can be submerged in water, dropped to concrete or driven over with a pickup truck without missing a beat. Sonim’s RPS standards go far beyond standard Mil-Spec certifications allowing enterprises to keep critical business processes running. The long battery life enables workers to use the device through multiple shifts, while a range of targeted, professional PTT accessories further enhance the Intrinsically Safe solution. Additionally, the XP5560 BOLT IS will provide the lowest total cost of ownership in the industry, thanks to Sonim’s industry-leading 3-year comprehensive warranty.

Whether you are a driller on an oil rig, a factory worker in a chemical plant, a power technician in the field or an engineer maintaining a gas pipeline, the Sonim XP5560 BOLT IS is the ideal solution to enhance mobile workforce productivity and safety.
