

PLANS for NASPO 1907 and NASPO MA149

Revision Update 4/17/2020

PROMOTIONAL DATA PLAN FOR SCHOOLS TO SUPPORT eLEARNING **AVAILABLE THROUGH JUNE 14, 2020**

AT&T is offering a promotional plan available for all qualified public, and private schools from K-12 to colleges and universities to use as a mobile hotspot – all at no cost for sixty (60) days. A qualified school can activate the 10G Mobile Select Custom Pooled Data-Only Plan, coupled with the AT&T's AccessMyLan service, on a Radiant Core phone only. Eligible customers will receive sixty (60) days of credits towards the 10G Mobile Select Pooled Plan (\$75/month//max \$150.00); the AccessMyLan service (\$9.99/month//max. \$19.98); and any overage charges on the Plan. After sixty (60) days, the customer will be moved to AT&T's Unlimited Data-Only for Education Plan. Customer must purchase or bring its own Radiant Core device (\$75 before tax). Activations must be CRU only. Plan will be data only (no text or voice except 911). Other taxes, charges, restrictions and conditions apply – click [here](#) for full details and [here](#) for plan information. Please read details on K-12 student privacy issues:

Customer represents and warrants that it has, and will maintain an Internet Safety Policy that addresses: (a) access by minors to inappropriate matter on the Internet and the World Wide Web; (b) the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) unauthorized access including "hacking" and other unlawful activities by minors online; (d) unauthorized disclosure, use and dissemination of personal information regarding minors; and (e) measures designed to restrict minors' access to materials harmful to minors. Customer is responsible for obtaining from each CRU's legal guardian any and all consents necessary for access to and use of the Equipment and Service by the CRU. Customer must advise the legal guardian of each K-12 Student that the legal guardian must read all Sales Information concerning the promotion including AT&T's Privacy and Acceptable Use policies, and related materials. Customers must advise the legal guardian of each CRU who is a K-12 Student that (i) the Equipment used by such CRU may be location-enabled, and (ii) the legal guardian must read the Sales Information and the associated privacy policy for each Location-Based Service. Applications offered may allow equipment used by K-12 Students to be tracked. If customer or one of its CRUs downloads any such tracking application to equipment used by a K-12 Student, then customer must provide clear and conspicuous notice to the legal guardian.

Discontinuation of 2G Network

Please note that AT&T's 2G network will no longer be available after December 31, 2016 or by such other national 2G Network retirement date that AT&T may provide. Any 2G Equipment still in use as of such retirement date will no longer be able to communicate using AT&T's network. Please work with your AT&T account representative on your options with respect to this notification. For purposes of this notification, the term "2G" means Service which uses any of GPRS (General Packet Radio Services), GSM (Global Services Mobile) or EDGE (Enhanced Data GPRS Evolution) technologies.
